DECLARATION OF CONFORMITY

Dear Sirs,

we herewith confirm that all the products we deliver to you are confirm to the following guidelines and doesn't contain any PFAS or BPA substances.:
- EU directive EG 1935/2004 (direct food contact)
- EU directive EG 10/2011 (direct food contact)
- EU directive 2023/1441 (Extension of 10/2011)
- EU directive EG 2020/1245 (direct food contact)
- EU directive 94/62/EG (heavy metals)
- EU directive EG 2023/2006 (good manufacturing practice)
- EU Nr. 2019/1021 (persistent organic pollutants)
- Swiss Ordinance 817.023.021

The products can be in direct food contact with
- Dry food
- Wet food
- Fat food

Temperature of storage: long-term storage in room temperature or lower, not freezable.

The products do not contain any dual use additives or substances with a special migration limit. Relating surface/filling material: max. 1000 ml/6dm²

The global migration has been tested by the following simulances:
- 3% acetic acid by 10 days at 40 degrees Celsius
- Isooctane by 2 days at 20 degrees Celsius
- 95% ethanol by 10 days at 40 degrees Celsius
- 10% ethanol by 10 days at 40 degrees Celsius

No substances have been migrated and the products comply with the EU directive 10/2011/ EC.

NIAS have been assessed according to a risk assessment based on internationally accepted scientific principles and are in compliance with the requirements of Article 3 of Regulation (EC) No 1935/2004.

Nonylphenole (TNPP) is not intentionally used by us or our material supplier. Although this product is not routinely tested for its presence, based on product composition knowledge this substance is not expected to be present. However, the fact that this substance is not intentionally used does not exclude that trace levels of this substance may be present as a result of the specific characteristics of the raw materials.

I hereby also confirm that the item does not contain any PFAS.
