5. Applicable Union legislation

The products covered by this declaration have been assessed with regard to the applicable requirements of:

Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR).

Based on supplier information and technical documentation available to AirWrap Sweden AB, the requirements currently applicable to these products have been assessed.

In particular, with regard to Article 5(4) – Requirements for substances in packaging, the supplier of the protective packaging material confirms that the sum of the concentrations of lead, cadmium, mercury and hexavalent chromium resulting from substances present in the packaging material does not exceed 100 mg/kg.

6. Technical documentation and specifications

The conformity assessment is supported by supplier documentation and technical information maintained by AirWrap Sweden AB, including:

Sealed Air – Packaging and Packaging Waste Regulation (PPWR) – Information obligations of suppliers (Art. 16), June 2026.
Sealed Air – EMEA Regulatory Information Sheet – Protective Packaging Materials, Version 26, February 2026.
AirWrap Sweden AB – Packaging Compliance Overview, Document No. AW-PPWR-001, Version 1.0.

The underlying supplier documentation is maintained as part of AirWrap Sweden AB's technical documentation and traceability process.
