

Technical Declaration

Suitability for usage in food processing areas

Herewith we confirm, that the following Vileda® Professional products

- Titan, white (85 L and 120 L)

- according to our specifications and best knowledge - do not contain any harmful or dangerous components in their composition, which may migrate or evaporate during usage and storage under usual conditions.

We thus confirm that our products are in conformity with the EC regulation 1935/2004 for materials and articles intended to come in contact with foodstuffs.

The above mentioned products are suitable for direct surface contact with dry food (not suitable for contact with fatty foodstuff).

Vileda® Professional products are subject to FHCS Internal Quality Management System in which we are applying highest standards to the selection of our raw materials and semi-finished materials.
