ACCUsens – Guidance system for accurate positioning

CN ZL 201410095301.7 / US 9,109,946

ACCUsens guidance system confirms the right position in the ear with a «good» on the LCD display and a beep.

Hygienic probe covers

Disposable probe covers make this thermometer completely safe and hygienic for use by the whole family:

- Eliminates the risk of transferring germs by cross contamination
- Ensure earwax residues do not impact accuracy of the reading
- The cover detector ensures the probe cover is fitted correctly for an accurate measurement

Easy to use probe cover ejector

- Contact-free and hygienic for the next use
- Easy to remove and discard used probe covers

Silent Glow™ Technology – Fever alarm

The colour-illuminated fever alarm:

- Green display: temperatures up to 37.4 °C
- Red display: temperatures higher than 37.4 °C

Illuminated display with date and time

Large illuminated display with date and time.

Sound Control (On/Off)

Silent operation especially for measurements at night.
