The products supplied and specified above can be used safely as one-time-use for packaging of dry, moist and fatty foods at temperatures of up to 90 °C (keeping food warm and reheating it).

GMP

The products are produced in compliance with the Commission Regulation (EC) No 2023/2006.

Storage

The products should be stored in a dry place and without direct sunlight.

Traceability

All palettes, rolls and packaging units are marked with labels. Additionally, the delivery notes contain the order number. All relevant data concerning the production are encoded in this order number. A detailed traceability of the raw material, production machine and personnel is provided. All production processes are reproducible. Traceability and documentation is ensured. The requirements of Regulation (EC) No 1935/2004, which entered into force in 2006, are therefore fulfilled with regard to traceability. Furthermore, the products can be identified by their thickness, dimensions, design and printing.

Thus, the issuer of the certificate of conformity fulfils the duty of care as a distributor of the above mentioned product.

It is also confirmed that a risk assessment has been carried out on the adhesives used and that they are suitable for the manufacture of food contact materials.

A functional barrier made from plastic is not used in the above mentioned product.
