COMPLETE CLEANING

The King of Cleans for Long Hours Scrubbing

With its powerful scrubbing mechanisms, the R12 Rex Scrub offers up to 6 hours of scrubbing to remove tough stains on hard flooring.

Up to 6 Hours Run Time

Offers longer run time on a single charge, while competitor robots can only run for 4 – 6 hours

Large 140L Tanks

Get more cleaning done out of every charge—with two huge 140L clean water and recovery tanks

Up to 80kg Strong Brush Pressure For Tough Stains

Impressive downward pressure to remove the toughest of stains

Up to 81cm Cleaning Width

Clean more and faster with a wider cleaning width

Maximum Dryness

With single pass squeegee

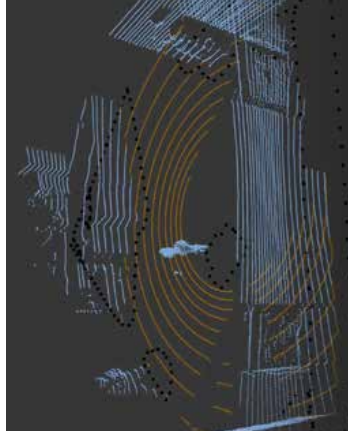

Precise Chemical-Water Ratio Control

Defoaming chemical dousing system that enables accurate control of chemical to water ratio for an optimum clean, netting long-term savings

Non-Stop Cleaning

With powerful, easily swappable batteries and optional refuel station

3D LiDAR

4 depth cameras, 4 sonars, and more precise mapping of up to 240m coverage

Noise Level Avg. 75.1dB

REXCS

Designed for high performance and convenience, the R12 Rex CS is equipped with twin cylindrical and side brushes, brushes for efficient cleaning. Ideal for cleaning large facilities such as convention centres and warehouses.

COMPLETE CLEANING

Scrub Away The Toughest of Stains

With its powerful cleaning mechanisms, the R12 Rex CS delivers powerful downward brush pressure that removes the toughest of stains on hard flooring.

Up to 4.5 Hours Run Time

Offers longer run time on a single charge

Large 140L Tanks

With two huge clean water and waste water tanks to get more cleaning out of every charge

Up to 95kg Strong Brush Pressure For Tough Stains

Impressive downward pressure to remove the toughest of stains

Up to 127cm Cleaning Width

Clean more and faster with a wider cleaning width

Specialty Brushes

With nylon carbide-coated and plain nylon cylindrical brushes for efficient cleaning

9.5L Debris Tray

Built with non-corrosive material that can collect large volume of debris

Maximum Dryness

With single pass squeegee

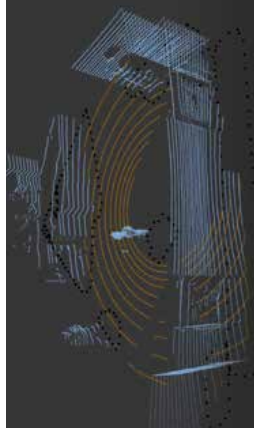

Non-Stop Cleaning

With powerful, easily swappable batteries and optional refuel station

Precise Chemical-Water Ratio Control

Defoaming chemical dosing system that enables accurate control of chemical to water ratio for an optimum clean, netting long-term savings

3D LiDAR

4 depth cameras, 4 sonars, and more precise mapping of up to 240m coverage

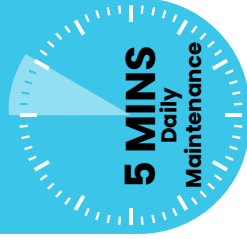

Noise Level Avg. 71dB

EASY TO MAINTAIN

Zero tools required

Designed for full accessibility and ease of maintenance—featuring magnetic designs, detachable hoses, and blue colour-coded touchpoints.

Easy Access to Hoses

Easy Access to Water Tank

Easy Access to Cleaning Solution Refill Bottles

Blue Colour Coded Touchpoints

FULL CONTROL

LionsCloud Dashboard

- Robot fleet and operator management
- Monitor cleaning status and maps
- Generate cleaning reports

LionsClean Mobile App

- Remote access on mobile
- Manage cleaning missions and settings

Refuel Station

- Scheduled deployment
- Automatically recharges battery, drain waste water, and fill water

Dual Operation Mode

- Used manually or autonomously

Note: Actual performance may vary depending on environment, application and other factors. Duration is dependent on the type of charger and battery purchased.

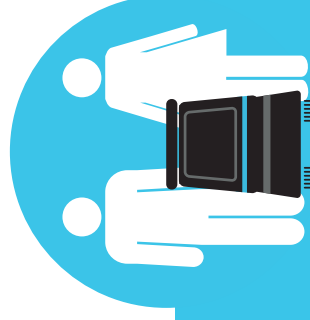

*Lease options availability is dependent on territory.

LIONSBOT JOURNEY

**MADE IN
SINGAPORE**

With 4 subsidiaries in Netherlands,
United Kingdom, United States
and India.

DESIGNED FOR CLEANERS

EVERYWHERE

Our robots are built to uplift the lives of cleaners
by enhancing their productivity.

TRUSTED
BY BUSINESSES
GLOBALLY

> 2,400 Robots
in more than
30 countries

AWARD WINNING ROBOTS

WE KEEP THINGS SIMPLE

Processes are streamlined
into simple steps so that
you can skip tedious
training and setup
procedures.

AT YOUR SERVICE

From pre-consultation to
demonstrations to
servicing of the robots,
we strive to deliver a
positive customer
experience for you.

BUILDING A GREENER CLEAN

Striving for a cleaner
future, we continuously
enhance energy and
water efficiency, and
contribute socially by
planting trees and
donating water
with each robot sold.
